- Operate company vehicles to travel to clients' sites and interact with clients as you inspect, troubleshoot, repair, maintain, and install HVAC equipment and related components.
- Service a wide variety of clients in the Commercial and residential settings
- Perform preventive maintenance, troubleshooting, and repairs on air handling/fan coil units
- Confer with distributors and supply house representatives to acquire parts and equipment.
- Responsible for servicing products and equipment on assigned projects and ensuring customer satisfaction.
- Perform repairs, overhauls, Installation and start-ups of HVAC systems.
- Use a variety of hand tools, power tools and specialized equipment to perform duties.
- Prepare for on-site installation and repairs by examining building layout, anticipating difficulties, gathering materials, and coordinating on-site work as necessary.
- Document work by completing paperwork on each job and maintaining files.
- Keep current with all manufacturers' products concerning installation, operation, maintenance, service, and repair.
- Rotational On-Call duty.
- Furnace Troubleshooting, service, Install and Startup.
- RTU Troubleshooting, service, Install and Startup.
- Split System AC and Heat Pump service, Install and Startup.
- Keep service vans and job sites clean and organized.

Qualifications:

- Minimum 5 to 8 years' experience in HVAC service work.
- Over 18 years of age.
- High School diploma or GED.
- Completed an Apprenticeship Program or equivalent education/training.
- Strong written and verbal English skills.
- Valid driver's license with a driving record in good standing.
- Can successfully pass a criminal background check, drug test, and physical ensuring you can perform the duties of the job.
- Strong organizational and communication skills.
- Willingness to be a team player
- EPA Certification a plus!
- Boiler Experience a plus!

Benefits:

- Comprehensive Medical, Dental, Vision, FSA/HSA.
- Matching 401K.
- Long Term Disability, Short Term Disability.
- PTO, Paid Holidays.
